The Mercedes-Benz W211 is a chassis designation for the Mercedes-Benz E-Class, produced from 2002 through 2009. The W211 models replaced the W210 E-Class models and were superseded by the Mercedes-Benz W212 in 2009. The car was available in two body types: Sedan and Estate (Estate models were sold in the US/Canada as Wagon).

By the way the engine cover also doubles as the air filter housing. Installation is the reverse of the removal steps. Position the rear cover for clips over the four rubber mounts and push down until they engage. Slide the front engine cover into the front of the rear engine cover and push the front it down until those clips engage.
