With tumble dryers from Bosch you can happily say goodbye to line drying. Anyone who dries washing indoors should air the room frequently because laundry on a clothes dryer gives off up to 4 litres of water into the surrounding air. And that can cause mould to form. The only remedy is to ventilate and reheat the room.

If you have loaded your tumble dryer and left it to perform its primary function of drying your clothes, you may be a tad frustrated when the appliance stops working. If your dryer keeps cutting out then you may have to rely on drying your clothes by hanging on a washing line - which may be a little difficult when there is a torrential downpour.
