Clothing (also known as clothes, apparel and attire) is a collective term for items worn on the body. Clothing can be made of textiles, animal skin, or other thin sheets of materials put together. The wearing of clothing is mostly restricted to human beings and is a feature of all human societies. The amount and type of clothing worn depend on body type, social, and geographic considerations.

Clothing - Wikipedia

The proper way is to get yourself a shredder that also handles cds - look online for cd shredders. This is the right option if you end up doing this routinely.. I don't do this very often - For small scale destruction I favour a pair of tin snips - they have enough force to cut through a cd, yet are blunt enough to cause small cracks along the sheer line.
