Top 458 Reviews and Complaints about Volvo

Volvo said that none of the cylinders had correct compression. That fixed the problem for around 10 months and then it began again. After many discussions with Volvo and another visit at my Volvo garage, they did something which they will not admit. But not having had any problems since, so they must have "touched" something.

D2 Engine problem ? - Volvo V40 Forums

Like all of Volvo's engines, the D13 is built on a foundation of proven, developed architecture that leverages innovative hardware to maximize efficiency. Energy that is normally lost is recovered
