The BD-144 used in the TD-5's & early 500's was given the letter designation C & the engine serial # started at 501. i.e. BD-144/501C. I suspect the "A" designation was for those engines supplied for the wheel tractors?. The BD-154 used in the later 500's was designated BD-154T, but the parts book does not give a starting serial #.
