We do not pressure wash our engines. Doing so causes moisture to get inside the engine and can create internal rust. Most engines will have grease and oil on them when received. All engines MUST be installed by an ASE-certified shop. Home and non-ASE-certified installation is an immediate void of our warranty.

We've found the 4B11T engine to be a much better platform than we had originally anticipated. Leave it to Mitsubishi to build an engine that can handle four times what they engineered it to make. The semi open-deck design that everyone worried about has proven to be much stronger than anyone had guessed.
