### **Are all 22 hp Briggs and stratton els engines junk?**

I have a 25 hp briggs & stratton ELS engine in my lawn tractor and it has started making a very loud popping noise when I am cutting the grass. I removed the carb and cleaned it thinking that I had some dirt in it, but that didn't fix the problem. It doesn't pop at idle but the engine surges slightly.

Briggs had many problems with their Intek and ELS twins and knew that they had to do something about it particularly on ZTRs. The emissions label on Briggs engines shows an hour amount during which the engine is designed to remain compliant. Most Intek and ELS twins have a 250 hour or less of compliance indicated on the labels.

### **Briggs and Stratton ELS 26 hp - lawnmowerforum.com**

A top of the line engine from Briggs that has gained a solid reputation for quality. Every other Briggs out there seems to be just marketing from what ever company happens to be using a Briggs engine. As such, I though the "Professional Series" engine was just another name for an ELS. But my Dealer tells me that this is not the case.

Briggs and Stratton has 6 different quality standards in their engines. The most durable is the Vanguard and is used for commercial applications. At the bottom of the scale is the IC. In between the two is the Intek which is a high end "consumer" engine. Two steps below that is the ELS which is the lower end consumer engine.
