Manual transmission cars require very little maintenance, and generally maintenance and repairs end up being significantly less costly. Be warned, however, because one thing that a manual has that the automatic doesn't have to worry about is the clutch, and if that thing quits on you, then you could be in trouble.

Avg. Dealer Rating: (3 reviews) "I made an appointment to test drive this car today, after I already received a credit approval from my bank in which they only needed a copy of purchase order. I drove 2 1/2 hours from Albany, NY and they were aware of this. I was suppose to meet with Neff to test drive the car. Instead of test driving the car, Neff had the car on some of his personal errands.
