The Heath Zenith 96-M is a basic wired door chime that works with other Heath Zenith doorbell systems. A white molded cover with flowing line design provides a unique look while still blending in with the rest of your home. When triggered, the 96-M will sound a two-note chime to notify you of any visitors.

Why does my chime unit ring when no one is pushing the button? There are several situations where your chime may ring when no one is pushing the button. 1) Another Heath®/Zenith wireless chime system in your area may be set to the same security code as your chime or an electronic device transmitting on a similar frequency can activate your system.
