People have to drive a manual when they get their license. So, most possibly their first car will be a manual before they get the hang of it. Machismo. Especially in young people. "Automatics are for girls/puffs" is still a somewhat deciding factor in preference of manual. Although, it has some merit as quite many women are not so fond of manual.

Why do the majority of cars in Europe have manual ...

Why do Europeans still drive Manual transmission instead of Automatic transmission? the year is 2010, not 1950? Automatic transmissions are also safer since you can keep two hands on the wheel at all time and your attention on the road, not on the speedometer.

Why do Europeans still drive Manual transmission instead ...

Manual cars always get better fuel economy than cars with automatic gearboxes. But as automatics become more advanced and gain additional gears (eight-speed transmissions are fairly easy to find), they are often now overtaking manuals in terms of fuel economy. For an example of when the myth is based in reality,...

5 Myths About Stick Shifts: Manual vs. Automatic ...

1: Fuel Economy. When automatic transmissions first came to the market in the 1940s, auto manufacturers selling manual transmissions fought back by touting their vehicles' superior fuel economy—and they were right. This was due to the heavier weight of automatic transmissions and the inherent drivetrain loss associated,...
