Z19DTH - Which Oil? - Official Vectra-C

This engine further improves the existing 2.0 Multijet in various areas, such as a higher injection pressure (2,000 Bar instead of 1,600 Bar) with Injector Rate Shaping, an oil pump with variable displacement and counterbalance-shafts to reduce noises and vibrations.

JTD engine - Wikipedia

So, has anyone come across the oil separator failing as my breather system has been dumping oil down the back of the engine and from the pipe at the side of the oil filler cap. Spoke to the garage today and he thinks it could be a failure of the one way valve in the separator if it has one. But not knowing anything about the breather system on a cdti i thought id ask here before buying a new ...

Z19DTH breather system leaking oil - Vectra C

Signs it may be time to change your oil include smoky exhaust, falling oil levels, and increased engine noise, particularly when idling. These signs are present because with worn oil, your engine is working harder and running a lot rougher. Don't put your engine components at risk, change out that old oil for new oil at AutoZone.

Motor Oil - Conventional & Synthetic Engine Oil

The engine oil discussion in Tech Talk can be found here: The oil thread Earlier versions of the 9-5 were not required to use synthetic oil but it is now recommended to only use synthetic. Not using synthetic oil was one of the reasons of the engine failure/sludge problem in earlier models. Oil change intervals were also changed through the years.

Saab 9-5 Oil Specification
