The smell and smoke is from the protective coating of oil used during the manufacturing process. We recommend that the oven interior and furniture, shelves etc. are cleaned thoroughly with hot soapy water; wipe dry then heat the oven to maximum and leave on for 20 minutes, to ensure all oil is removed.

We all love keeping up with the designs and styles of today's modern life. A popular choice nowadays is redesigning a kitchen so that all the appliances are built in. Not only does this look great and very stylish, it's also extremely practical. It means that smaller items can be stored away into the tiniest of spaces and larger appliances become part of your kitchen's cupboards and drawers.
