Blackmore systems combine modern coherent optical telecommunications hardware with advanced radar signal processing techniques to unlock the potential of frequency modulated, continuous wave (FMCW) lidar. FMCW technology is the future of automotive lidar due to superior sensitivity and velocity measurement capabilities.

Blackmore Lidar

Most of the instruction manuals in our online catalogue are .PDF files, which means they can be opened via Adobe Acrobat Viewer or a similar program. Many of these manuals are out of print, meaning they each had to be manually scanned. As a result, there may be some very slight slant to some pages or visible page staples and bindings.
