

## ***Variax Distal Radius***

[Download File PDF](#)

*This is likewise one of the factors by obtaining the soft documents of this variax distal radius by online. You might not require more times to spend to go to the ebook establishment as competently as search for them. In some cases, you likewise attain not discover the declaration variax distal radius that you are looking for. It will agreed squander the time.*

*However below, behind you visit this web page, it will be suitably agreed easy to acquire as with ease as download lead variax distal radius*

*It will not take many get older as we notify before. You can pull off it while work something else at home and even in your workplace. for that reason easy! So, are you question? Just exercise just what we find the money for under as well as review variax distal radius what you when to read!*

**VariAx Distal Radius**

Reconstruction of the distal radius. The VariAx Distal Radius Plating System represents the Next Generation of Bone Fixation for your Distal Radius Fracture Needs. System Features: • Comprehensive Plating System • Providing Anatomical Volar and Dorsal, Universal Volar and Fragment Specific Solutions.

**VariAx Distal Radius Locking Plate System - Stryker MedEd**

Plating that fits. The VariAx 2 Distal Radius Plating System provides you with a comprehensive range of anatomic plating options that work with a common instrument and screw platform. Plates utilize SmartLock technology which permits polyaxial screw placement. You can angle locking screws up to 15° in each direction for a total range...

**VariAx 2 Distal Radius | Stryker**

The NEW VariAx™ Distal Radius Plating System represents the Next Generation of Bone Fixation for your Distal Radius Fracture Needs. It is designed to offer the most comprehensive selection of plates, screws, pegs and unique instrumentation necessary to optimally maintain the stability of the distal radius lesion, while providing your surgical

**VariAx Distal Radius Locking Plate System - strykerhand.com**

Following additional indications apply only for the XXL Volar Distal Radius Plates: Osteotomies, non-unions, and malunions. The VariAx Distal Radius Locking System including the XXL Volar Distal Radius Plates is intended for internal fixation of small bone fractures, primarily including distal radius fractures.

**Wrist VariAx Distal Radius Locking Plate System**

The NEW VariAx Distal Radius Plating System represents the Next Generation of Bone Fixation for your Distal Radius Fracture Needs. System Features: • Comprehensive Plating System Providing Anatomical Volar and Dorsal, Universal Volar and Fragment Specific Solutions, even for the most complex distal radius fracture.

**Osteosynthesis VariAx Distal Radius Locking Plate System**

15° distal 15° lateral 12° proximal 5° proximal 5° proximal 18° distal 12° lateral 0° 0° 18° distal 12° lateral 15° distal 15° lateral 10° proximal 5° proximal 0°. Pre-determined Screw Pattern. Note: In order to prevent toggling, this drill guide is designed to fit very tightly into the holes of the plate.

**Osteosynthesis VariAx™ Distal Radius Locking Plate System**

Reproducible results. Pre-contoured Periarticular Plate Design by SOMA database Patented SmartLock polyaxial locking technology 1 Locking screws can be angled  $\pm 15^\circ$  for a total range of 30°.

**VariAx Distal Fibula | Plating systems | Stryker Foot & Ankle**

Chris Martin, MD, (Salt Lake City, UT) demonstrates the surgical technique for fixing a distal radius fracture with the Arthrex® Dorsal Distal Radius plate.

**Dorsal Distal Radius Plating**

2.4 mm Variable Angle LCP Two-Column Volar Distal Radius Plate. The 2.4 mm Variable Angle LCP Two-Column Volar Distal Radius Plate is part of the 2.4 mm Variable Angle LCP Distal Radius System. The plates are anatomically contoured to match the anatomy of the distal radius, and are designed to address both simple and complex fractures.

**Distal Radius/Distal Ulna (wrist) - HCP | DePuy Synthes ...**

Distal Radius Fracture ORIF Complications Malunion = typically loss of radial height, ulnar and volar inclination less commonly intra-articular incongruity. Nonunion: uncommon except with volar and dorsal plating with extensive sub-periosteal stripping.

**Distal Radius ORIF 25607 | eORIF**

2.4 mm Variable Angle LCP Distal Radius System Surgical Technique DePuy Synthes Companies 5 inDicaTionS The 2.4 mm variable angle lcp Distal radius plates are indicated for fixation of complex intra- and extra-articular fractures and osteotomies of the distal radius and other small bones in adults, skeletally mature adolescents, and the

**2.4 mm variable angle lcp DiSTal raDiuS SySTem**

The VariAx Distal Radius Plating System represents the Next Generation of Bone Fixation for your Distal Radius Fracture Needs. Intended Use The VariAx Distal Radius Locking System incl. the XXL Volar Distal Radius Plates is intended for use in internal fixations of the small bone fractures, primarily including distal radius fractures. Indications

**VariAx - Rontis Medical**

VariAx®D Distal Radius Locked Plating System Line Extension Aiming Blocks Special 5 100(k) Indications for Use: The VariA/tw Distal Radius Plates are intended for use for internal fixation for fractures and reconstruction of the small bones, primarily including the distal radius. Examples of

**VariAx® Distal Radius Locked Plating System Line Extension ...**

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical ...

**VariAx Distal Fibula Fracture**

In summary, we had 12 volar distal radius plates of each company (Synthes ® variable angle plate, 3 shaft holes, width 25.5mm; Stryker ® VariAx Distal Radius Plate standard size) and each 6 Radius Sawbones ® (item # 3407, 4 th generation) were provided by Synthes and Stryker respectively.

**Mechanical Testing of Two Different Variable Angle Locking ...**

The DVR ® Crosslock Distal Radius Plating System eases the challenge of treating distal radius fractures by incorporating a low-profile, anatomic design with advanced fixation options and streamlined instrumentation. The cross-locking oblique screw options are designed to provide three-dimensional fixation in comminuted fractures and osteoporotic bone.

**Upper Extremity | DVR® Crosslock Distal Radius Plating ...**

The wrist is a multi-articular joint. It consists of the carpus, distal ulna and distal radius. Fractures of the distal radius are the most common fractures in the human body. In recent years, great changes have taken place both in the treatment options of the distal radius and the patient demands which have increased.

**APTUS® Wrist - medartis.com**

Hand and wrist. When it comes to hand and wrist treatment we have you covered. Our comprehensive portfolio will fit your need to treat fractures, small joint arthroplasty, fusions and soft tissue procedures.

**Hand and wrist | Stryker**

The VariAx Distal Radius Plating System represents the Next Generation of Bone Fixation for your Distal Radius Fracture Needs. It is designed to offer a comprehensive selection of plates, screws, pegs and instrumentation necessary to maintain the stability of the distal radius lesion, while providing your surgical staff a

**VariAx Distal Radius Locking Plate System - Stryker MedEd**

Distal Radius Fractures Disclosures I have stock ownership in Johnson and Johnson and Pfizer. Background The radius is the most common bone in the arm to sustain a fracture. 2.5% of all ED visits Bimodal age distribution: 5-24yo (athletic/high energy injuries) and elderly “fragility” fractures
