Xr 750 Engine

The Harley-Davidson XR-750 is a racing motorcycle made by Harley-Davidson since 1970, primarily for dirt track racing, but also for road racing in the XR-TT variant. The XR-750 was designed in response to a 1969 change in AMA Grand National Championship rules that leveled the playing field for makes other than Harley-Davidson, allowing Japanese and British motorcycles to outperform the

...

Harley-Davidson XR-750 - Wikipedia

Harley-Davidson were caught somewhat flat-footed by this change and they didn't have time to develop a new engine – so they took the 900cc V-twin from their popular Sportster model series and modified it with new barrels, connecting rods, and a series of other parts to improve performance and reduce capacity to the 750cc mark.
