If you don't go to the expense of purchasing Project Magenta, there is a void in the middle of your Main Instrument Panel. But along came Gert Heijnis and his amazing FSXpand program which has fully filled the gap. As I was using the existing PMDG Primary Flight Display and the Navigation Display, there remained a requirement for not only the centre EICAS instruments, but also the 3 standby ...

Manual purchasers may upgrade and add the certification package at any time. Those wishing to enroll in the certification program must purchase both a set of manuals (your choice of print or eBook) and the certification tuition. General Familiarization Manuals are study guides covering a general approach to each model aircraft.
