xl glider by excel | eBay

The first one I had was amazing and never had any issues for over 2 years. After that it's been all down hill. Everyone I've bought since then (I'm now on my third) only works a couple of months before I needed to start ordering the replacement suspension cables because the cheap material had already broken off (my current one is on it's 4th replacement of those), a few months after that the ...
