How to replace timing belt - 1.9 cdti/JTDm - Z19DT, Z19DTL - Astra, Zafira, Vectra, Alfa, cambelt

timing chains very rarely snap. you had a timing belt. big difference. what is a vectra anyway? and whatever you do, do not take your vehicle back to the mechanic who did your first timing belt replacement - if he would have done it correctly, it would not have snapped.

vecra engine-- timing chain? | Yahoo Answers

The Vauxhall Vectra has been a popular car on our roads ever since it was first launched in 1995. The recommended timing belt change interval is every 100,000 miles or 10 years and the engine has been identified as an interference type engine so, in the event of the timing belt failing, engine damage may occur. Getting started
