Diesel engines with mechanically controlled pump injection systems have been in use in ships and trucks since the 1950s. In association with Bosch, Volkswagen has succeeded in developing a diesel engine with a solenoid valve controlled pump injection system suitable for use in passenger cars. The 1.9-liter TDI engine with the new pump

Awaiting a new loom from my local main dealer which should arrive in a couple of days. When i said it was a common problem i should clarify that is info i was given by a reputable indy mechanic here in the uk. His words were "99% of the time" it's the wiring loom. That's in relation to the code i got which commonly is on no.1 injector.
