Yamaha PRO V 150 (JB Weld Repair)

I bought a boat that has a Yamaha Pro v 150 outboard. The listing of the boat When I first looked, listed the motor as a 1988 with a new power head. The powerhead is new and the boat runs fine, however, I have checked the serial number through other web sites and question the accuracy of the listed model year.

Re: '89 yamaha pro v 150 carb trouble The single bowl 220 carbs were a favorite hop upon those motors. They were about 30 Hp more than the very restricted 150 ones. There were a couple of kits for those carbs but every thing will interchange including float bowls as different as they look. You are first going to have to do the carb job correctly.

I have a late 80's Yamaha pro V 150 and the oil resivor on the engine keeps pushin the long black cork type thing with the wires up a little and blows oil all over the engine. It has a big oil tank which feeds the small one and that seems to be Ok as all the lights are working properly just goes through a lot of oil as it is blowing it all over.
