The PCG process refers to the connection between a host and its modem. In the case of FBCB2-BFT systems, the modem is the MT-2011 transceiver. More often than not, the BFT TOC System (Light) TOC Kit system will crash because the system is searching for a wireless LAN connection before the serial connection.

Blue force tracking is a United States military term for a GPS-enabled capability that provides

military commanders and forces with location information about friendly (and despite its name, also hostile) military forces. In NATO military symbology, blue typically denotes friendly forces. The capability provides a common picture of the location of friendly forces and therefore is referred to as ...
