Five Tips For Hard Starting Outboard Motors | Boating Magazine

In response to the recent article on a non-starting car, I thought I'd write up something on boats, because "darling it's better, down where it's wetter," just ask Disney. I worked at a marina on a lake for a number of years and learned a lot. Now that I'm on to other things, I thought I'd share some of that knowledge before it all escapes my brain.

Here's How to Diagnose a Boat That Won't Start - Oppositelock

Also, engines might become hard to start while being hot if it coincides with the season in which refiners change from a fuel blend to another. Sometimes gasoline refiners change from a higher volatility fuel to a lower one when summer approaches due to the way in which hot weather causes fuel to evaporate easier.

What to Do When a Hot Engine is Hard to Start ...

How to Start a Mercury Outboard Motor. If it has trouble like this, move to step five. Add ethanol treatment for outboard engines. This helps the engine deal with gasoline that has high ethanol content (up to 10 percent). Ethanol is an alcohol and a solvent that doesn't react well with outboard engines due to the fact that there is more moisture...

How to Start a Mercury Outboard Motor | It Still Runs

How to fix a boat engine that won't start. There are many reasons why a boat engine will not start and I try to provide as many potential problems as possible within this video. When I took my ...

Boat Engine Won't Start Troubleshooting Steps

A two cycle engine must have a tightly sealed crankcase to start and run right, as the downward stroke of the piston forces the fuel/oil mixture up into the engine for the compression and firing stroke. After the engine warms up, sometimes they will run, but only after a hard start.

Hard Starting Outboard Motor? | Yahoo Answers

THE FIRST THING TO DO WHEN THE OUTBOARD WON'T START. If you're not tied on to your boat or a dock or anchored, the first priority is to not get swept away from safety. Row or paddle back and tie on or drop your dinghy anchor. And as a side note, always have your basic safety gear in the boat — see my article on Things to Carry in the Dinghy.
