The "Service Engine Soon" light in your BMW is similar to a "Check Engine" light in other cars. Your car has a computer which runs diagnostic tests while your car is running. If something comes back faulty or negative, the light comes on.

### **The Meaning of the "Please Service Engine Soon" Light on a BMW | It Still Runs**

Best Answer: I'm going to assume that the light is not malfunctioning and that the light is on because you need the engine serviced or that you had the engine serviced but the light was never reset. On most E39's you hold the odometer reset button down. Continue to hold the reset button down and turn the ignition key to the number 1 position (that's the first click).
