Vw Type 4 Engine

Aircooled Technology opened the Type 4 Store in 2004. Fast forward 10 years, the Type 4 Store is now owned and operated by LN Engineering, centrally located one hour south of Chicago in Momence, IL, supplying all the same quality components developed by Jake Raby and Aircooled Technology with the same high level of service you have come to expect from both companies.

Aircooled VW & Porsche Parts, Type 4 conversions ...

One visual difference is that all Porsche Type 4 engines have the oil dip-stick and oil fill mounted on top of the engine (where the VW Type 2 engine application has the dip-stick mounted on the rear of the engine by way of a long oil fill tube).

Volkswagen air-cooled engine - Wikipedia

The Type 4 engine explained. The Type 4 engine broke new ground and was VW's most technically advanced powerplant to date when it made its debut in 1968. Vastly different in both appearance and design to the air-cooled Type 1 unit which we blogged about here, it still impresses today - not least for its silky power delivery.

Rebuilding a Porsche 914 (VW Type 4) Engine. It ran well enough, but was never super powerful and it had pretty poor throttle response due to the haphazard combination of parts. Over the years the oil leaks had "matured" leaving more puddles on the garage floor. So, with no other projects on the table, I pulled the engine out around Christmas...

David Gorsage's 2600cc Type 4 Engine

Turnkey Engines Most Turnkey Engines built by Pat Downs are based on the Builder's Choice Engine Kits, and then slight changes are made based on each customer's specific needs. All parts are brand new, and every engine is blue-printed, carefully assembled and dyno-tested by our in-house engine builder, Pat Downs.

CB Performance - Turnkey Engines

I also know that the type 1 engine is a smaller and less durable engine to build high power motors from then a type 4 for the reasons you listed and more. i.e. small block big block differences which is my background. What I am really after is this. It is my understanding that a vw bus and a porsche 914 have a type 4 engine.
