New & Used Yamaha WaveRunner Engines, Short Blocks ...

Hey everyone. Well I have recently acquired a 1999 GP800 that had motor issues. Before I started tearing into the ski, I tested compression. The back cylinder was 145, the front was 50. I was told that the ski was rolled upside-down, and then not rolled in the correct direction when rolling it back. He thought it ingested water. He was able to restart the ski and get it to shore and had it ...
