SIERRA Engine Mount for Volvo Penta 833950 | West Marine

Hello. I have a Volvo Penta 2002 and need to replace the rear motor mount. Any idea how I can jack it up? There is very little room under the transmission and some room but not much up front but don't know if i can effectively jack up the rear from the front? The other idea I had was to use a come along or pulley from the boom to lift it? Any ideas would be helpful.
