Biology Chapter 3 Flashcards | Quizlet

Chapter 1 The Science of Biology 1-1 What Is Science? Science is an organized way of using evidence to learn about the natural world. Scientific thinking usually begins with observation, which is the process of gathering information about events or processes in a careful, orderly way. The information gathered from observations is called data.

Chapter 1 The Science of Biology Summary

Chapter 3 The Biosphere. In this chapter, students will read about how the biologists called ecologists study the relationships among organisms in the living part of the Earth's environment, called the biosphere.
