Victor Cheng - Look Over My Shoulder | Caseinterview

I purchased LOMS and was happy with my decision. It sure was expensive, but I found it far more helpful than Case in point, or the vault guides. My understanding is that Victor Cheng also recently added a lot more example cases to the program. The frameworks are far more streamlined, easier to remember, and useful.

Cynide's Web: Victor Cheng - LOMS - Look Over My Shoulder

Hi guys, I wonder that no one has answered this simple question - in fact, I think Victor Cheng's LOMS program is the Nr.1 resource for case-interview preparation. of course, it is good to start with some books in order to familiarize yourself with the general application and recruiting process, but once you have filed your application, have practiced some fit-questions is the right time to ...

Victor Cheng's Look Over My Shoulder Program (LOMS) : Case ...

Yes, in my advice LOMS was the best 'educational' resource to develop skills and best practices for case interviews. What differentiates LOMS from other books/resources is that it provides examples of the right and wrong way to go through a case interview. Very good for background knowledge and just starting out. That said, you also need:

Victor Cheng's LOMS : consulting - reddit.com

LOMS is an excellent resource, but should not be taken as gospel. Quite a lot has changed in cases since Victor Cheng was a consultant so if you can't rely entirely on it. In terms of actual content, LOMS doesn't add much on top of Victor Cheng's book (Case interview secrets).

Victor Cheng - Is LOMS worth it? - PrepLounge.com

In his LOMS programme, Victor Cheng advocates for a much simpler method than Case In Point and suggests you should only learn two frameworks: the profit framework for profitability cases, and a general framework for all other cases (Product, Consumer, Company, Competition). The benefit of this approach is its simplicity.

Case interview frameworks: a comprehensive guide - IGotAnOffer

This shortcoming is a big problem for LOMS, as the cases used are all ones which are easily solved by standard frameworks. As such, relying too much on Victor Cheng's material opens you up for nasty surprises in interview. 2. Practice on your own. For solitary preparation, perhaps the best use of your time is to work on your mental mathematics.
