Worksheet Answer Key- Meters, Liters, and Grams.pdf ...

Some of the metric units listed above include prefixes such as kilo, centi, and milli. Prefixes, added to a unit name, create larger or smaller units by factors that are powers of 10. For example, add the prefix kilo, which means a thousand, to the unit gram to indicate 1000 grams; thus 1000 grams become 1 kilogram.

Writing with Metric Units | NIST

This Writing Meters, Liters and Grams Worksheet is suitable for 7th - 9th Grade. In this metric system conversion worksheet, students are given directions for converting from one metric unit to another by moving the decimal to the left or right the proper number of places.
