Windows Update can help you download updates. But if you want to manually download a certain program in the Windows Update list, such as a Service Pack or a specific security update, follow these steps.

**How to download a Windows update manually**

Here's my biggest issue: my copy of Windows 7 did not come with anything resembling a manual. Nor is there one available for download on your site. While I am not an IT professional, I am hardly PC illiterate and imagine I could find the solution to my problem if proper documentation were provided.
