Volvo Penta D1-30 marine diesel. The weight excess on the Volvo Penta D1-30 marine diesel engine can be explained to an extent by the engine's construction. The cylinder head and block are cast iron, there's a hefty dynamically balanced crankshaft and the aluminium pistons have chromium-

faced rings.

Re: Volvo flushing system? It is a pain, but if you want to protect your engine and your manifolds and risers, and you are on a mooring, you have no choices. I have a dock slip with water and electric and I still make sure to never leave my boat without flushing both motors. Sure it's a pain, but it hurts a lot more when a riser fails and lets water into your motor and kills it.
